ALLERGEN INFORMATION

Colemans operates a kitchen and a bakery where all allergens are present at all times and are in constant use. While we make every effort to prevent cross contamination in these kitchens, we cannot guarantee that any food item we make is 100% FREE of any specific allergen. For customers with serious allergies, particularly Nut/Dairy and gluten allergies who may react to a trace of an allergen, it is important to recognise that even with this level of control there may still be traces of allergens present in the food from airborne contamination and in that case may not be suitable to eat.
